

Consent for Accessing Health Information

Consent wording (for living adults)

Notes on releasing information about your health

Your health information includes details about all your interactions with health providers, and may include details such as your symptoms, treatment, consultations, personal medical history and lifestyle. Health providers cannot release this information about you without your consent.

We, **NobleOak Life Limited** (which term, when used within this health information consent, shall also include administrators engaged by or on behalf of us to obtain health information), collect and use your health information to assess your application for cover, to assess and manage your claim, or to confirm the information you gave us when you applied for cover or made a claim. This is why we need your consent.

Each time you apply for cover or make a claim, we will ask you for a fresh consent. We will respect your privacy by only asking for the information we reasonably need, and we will tell you each time we use your consent.

Even if we collect information from health providers (such as your General Practitioner), before the insurance starts you must still tell us every matter (including about your health) that is relevant to our decision about whether to offer you insurance, and if so, on what terms. This is your Duty of Disclosure as prescribed by NobleOak Life Limited's Rules for Risk Fund No.1 benefit fund rules and to the extent relevant under the Insurance Contracts Act 1984 (Cth).

Please read each Authority carefully and the explanatory notes below.

Authority 1 explanatory notes – through this Authority, with the exception of a copy of the consultation notes held by your General Practitioner/Practice, you are consenting to any health provider releasing any health information about you in the form we ask for. This may involve, for example:

- preparing a general report and/or a report about a specific condition;
- accessing and releasing your records in SafeScript;
- releasing your hospital patient notes;
- releasing the results of any investigations they have done; and/or
- releasing correspondence with other health providers.

Authority 2 explanatory notes – through this Authority, you are consenting to any General Practitioner/Practice you have attended releasing a copy of your full record, including consultation notes, but only if we have asked them to provide a general report and/or report about a specific condition under Authority 1, and either:

- they will be unable to, or did not, provide the report within 4 weeks; or
- the report provided is incomplete, or contains inconsistencies or inaccuracies.

Your General Practitioner maintains consultation notes to support quality care, your wellbeing and to meet legal and professional requirements. General Practitioners/Practices should only release a copy of your full record, including consultation notes, for life insurance purposes in the rare circumstances set out above.

If you choose to withhold your consent to this authority, we may not be able to process your application for cover or a claim.
